SUMMARY

Biochemistry undergraduate with about four years of hands-on research experience across multiple university labs, contributions to two peer-reviewed publications, and a concurrent role in STEM education. A student that is eager to learn new techniques and possesses strong organization, problem-solving skills, and a continuous improvement mindset.

EDUCATION

California State University, Los Angeles

Bachelor of Science in Biochemistry.

Expected May 2027

EXPERIENCE

Undergraduate Research Assistant

April 2023 – Present

Dr. Yixian Wang Lab, California State University, Los Angeles

- Collected, processed, and interpreted experimental data, and presented findings to advisor and research peers.
- Collaborated and contributed to manuscript drafting and revision across multiple ongoing projects.
- Developed strong organizational skills, attention to detail, and ability to maintain accurate records.
- Trained incoming students in general lab practices, instrument troubleshooting, and data analysis using Microsoft Excel.

Undergraduate Research Assistant

June 2024 – August 2024

Dr. Zuzanna Siwy Lab, University of California, Irvine

- Worked independently to compile and interpret data.
- Effectively communicated project results to the community.

Undergraduate Research Assistant

July 2024 – July 2024

Dr. Shane Ardo Lab, University of California, Irvine

- Worked collaboratively to compile and interpret data.
- Contributed to manuscript review and revision.

STEM Tutor

August 2023 – Present

Center for Academic Success, California State University, Los Angeles

- Tutored undergraduate students in General Chemistry (CHEM 1010/1100/1110), provided clear and targeted academic support.
- Maintained accurate documentation of student appointments and progress.

Chemistry Stockroom Assistant (Volunteer)

September 2024 – May 2025

Department of Chemistry and Biochemistry, California State University, Los Angeles

- Prepared chemical solutions and materials for undergraduate teaching laboratories.
- Documented chemical preparation procedures to ensure accuracy and lab safety compliance.
- Assisted supervisor in inventory management and inter-department communications.
